DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or make obvious the claimed wing-drive mechanism. Specifically, the prior art fails to show inwardly and outwardly extending spars that are independently moveable in flap, yaw and pitch; a wing on the outer spar; two drive means with arcuate guide rails and sleeves slidably mounted on the rails; and a third drive for adjusting the pitch of the wing independently of the first two drives.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-7 are allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Richard, Chernek et al, Smith (6,565,039), Woo et al, and Kelfer are cited as being of interest since they disclose wing drive means.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Woodrow Eldred whose telephone number is 703-306-4151. The examiner can normally be reached on Monday to Thursday, from 8:00 a.m. to 5:30 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Jordan can be reached on 703-306-4159. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
